13:00h CET
Platform: ZOOM

Anesthetic Influences on Intraoperative Neurophysiological Monitoring: Principles, Pitfalls, and Practical Solutions

SPEAKERS

Onésimo Alániz
Spain

Michael Malcharek
Germany

Júlia Miró
Spain

Marko Sahinovic
The Netherlands

MODERATORS

Stefanie Binzer
Denmark

Ángeles Sánchez Roldán
Spain

PANELIST

Kathleen Seidel
Switzerland

Isabel Fernandez-Conejero
Spain

Objectives

To gain insight into anaesthetic effects on IONM and how to try and overcome and interpret them correctly.

AGENDA (CET time)

13.00-13.05	Welcome Kathleen Seidel	14.10-14.35	When Signals Change: Distinguishing Anesthetic Effects from True Neurological Compromise in IONM Onésimo Alániz, Dr. Júlia Miró.
13.05-13.10	Introduction Task Force members	14.35-14.55	Q&A
13.10-13.35	Anesthetic Influences on Intraoperative Neurophysiological Monitoring: Principles, Pitfalls, and Practical Solutions Michael Malcharek	14.55-15.00	Closing remarks Isabel Fernandez-Conejero
13.35-13.40	Q&A		
13.40-14.05	Optimizing Anesthetic Strategies for Reliable Motor Evoked Potentials During Spine and Brain Surgery Marko Sahinovic		
14.05-14.10	Q&A
