

# SCIENTIFIC WEBINAR

June, 20th 2026  
13:00h CET  
Platform: ZOOM

## Anesthetic Influences on Intraoperative Neurophysiological Monitoring: Principles, Pitfalls, and Practical Solutions

### SPEAKERS

**Michael Malcharek**  
Germany

**Marko Sahinovic**  
The Netherlands

**Onésimo Alániz**  
Spain

**Júlia Miró**  
Spain

### MODERATORS

**Kathleen Seidel**  
Switzerland

**Isabel Fernandez-Conejero**  
Spain

### Objectives

To gain insight into anaesthetic effects on IONM and how to try and overcome and interpret them correctly.

### AGENDA (CET time)

13.00-13.05	<b>Welcome</b> Kathleen Seidel	14.10-14.35	<b>When Signals Change: Distinguishing Anesthetic Effects from True Neurological Compromise in IONM</b> Onésimo Alániz, Dr. Júlia Miró.
13.05-13.10	<b>Introduction</b> Task Force members	14.35-14.55	<b>Q&amp;A</b>
13.10-13.35	<b>Anesthetic Influences on Intraoperative Neurophysiological Monitoring: Principles, Pitfalls, and Practical Solutions</b> Michael Malcharek	14.55-15.00	<b>Closing remarks</b> Isabel Fernandez-Conejero
13.35-13.40	<b>Q&amp;A</b>		
13.40-14.05	<b>Optimizing Anesthetic Strategies for Reliable Motor Evoked Potentials During Spine and Brain Surgery</b> Marko Sahinovic		
14.05-14.10	<b>Q&amp;A</b>
