

EDUCATIONAL WEBINAR

June, 20th 2026
13:00h CET
Platform: ZOOM

Anesthetic Influences on Intraoperative Neurophysiological Monitoring: Principles, Pitfalls, and Practical Solutions

SPEAKERS

Onésimo Alániz
Spain

Michael Malcharek
Germany

Júlia Miró
Spain

Marko Sahinovic
The Netherlands

MODERATORS

Stefanie Binzer
Denmark

Carolin Weiss Lucas
Germany

PANELIST

Kathleen Seidel
Switzerland

Isabel Fernandez-Conejero
Spain

Objectives

To gain insight into anaesthetic effects on IONM and how to try and overcome and interpret them correctly.

AGENDA (CET time)

- | | | | |
|-------------|--|-------------|--|
| 13.00-13.05 | Welcome
Kathleen Seidel | 14.10-14.35 | When Signals Change:
Distinguishing Anesthetic Effects
from True Neurological Compromise
in IONM
Onésimo Alániz, Dr. Júlia Miró. |
| 13.05-13.10 | Introduction
Task Force members | 14.35-14.55 | Q&A |
| 13.10-13.35 | Anesthetic Influences on
Intraoperative Neurophysiological
Monitoring: Principles, Pitfalls,
and Practical Solutions
Marko Sahinovic | 14.55-15.00 | Closing remarks
Isabel Fernandez-Conejero |
| 13.35-13.40 | Q&A | | |
| 13.40-14.05 | Optimizing Anesthetic Strategies
for Reliable Motor Evoked Potentials
During Spine and Brain Surgery
Michael Malcharek | | |
| 14.05-14.10 | Q&A | | |
